

The Dome

The 60 day urinal screen

Versatile urinal freshening

Perfect for domed waterless urinals, urinals with domed metal debris traps, or urinals with standing water. Unique design provides a burst of fragrance collected in the headspace with every use.

Slash labor and reduce costs

Lasts twice as long as competing screens, cutting down on cleaning time, and saving your budget.

Keeps your restroom cleaner

Unique dome shape helps reduce urine splash and over-spray on your floors, walls, and partitions.

Reminds you when to change it

Simply pull off the month & week tabs to set the change date two months from the installation date.

Protects your drains

The unique raised dome shape helps the screen stay in place and protect your drains over the course of 60 days. No more floating or movement in your urinal.
