

WHY CHOOSE FRESH PRODUCTS?

Better Air Care. Better Experiences.

More than ever, a company's facility is key to its success. Whether it's employees, tenants or customers, the quality of the environment is essential to their productivity, happiness, and the overall impression of a business. Air quality is a key component of any environment. Since 1971, Fresh has focused on developing the most innovative air freshening products to create the best possible user experiences.

PRODUCT INNOVATION

By focusing solely on odor control and air care products, we understand and master the critical details that competitors miss – and we have the patents to prove it.

MADE IN U.S.A.

95% of our products are manufactured in Perrysburg, Ohio. We are proud to be family-owned and globally-known.

BEST COST IN USE

Fresh manufactures not only the most innovative products, but the easiest to use. This, combined with best-in-class category management, means best cost-in-use and greater profitability.

SUSTAINABILITY

Caring for our planet is at the core of everything we do. We offer urinal screens that are made of 50% recycled material, most of our air freshener refills are 100% recyclable, and our liquids are non-toxic and biodegradable. We also offer the industry's only closed-loop recycling program.

FRAGRANCE GUIDE:

The Power of Fragrance

Fragrance is a great way to enhance environments and user experiences. Smell is our strongest sense, as it's the only one directly tied to the brain. Olfactory bulbs are part of the brain's limbic system, which is related to memory, learning, creativity, and emotion.

Numerous studies have shown that fragrance can affect mood and behavior. For instance, lavender has calming properties and peppermint can aid concentration and stimulate clear thinking. Fresh Products offers a wide range of proprietary fragrances, scientifically formulated for the unique specifications of each application to enhance any type of environment.

Enjoy most items in the following fragrances,
visit www.freshproducts.com for our complete fragrance selection.

Fragrances – listed from high to low intensity

 Spa Minerals	88
 Seaside Breeze	54
 Island Sunrise <i>New!</i>	07
 Cucumber Melon	02
 Coconut Vanilla	72

Rotate your fragrances every month to prevent nasal fatigue.

We're the industry leader in urinal screens – because we revolutionized it.

Up until about 15 years ago, the product “solution” for urinals was an industrial-smelling puck. Then, Fresh Products invented a new solution – and reinvented the category. We have continually introduced new, patented innovations and improvements – keeping restrooms all over the world cleaner and fresher.

ALL Fresh urinal screens feature:

- Patented Fragrance Load – The highest fragrance percentage to keep restrooms smelling fresher, longer
- Patented Double-Sided Design – Diffuses & deflects urine to prevent splash back and keep floors cleaner
- Patented Date Tab System – Reminds you when to change out screens
- Beneficial Bacteria – Billions of bio-actives that consume odors at the source

Slant7 with Terminator Technology *Kills 99.9% of odor causing bacteria*

U.S. Patents #8,007,707 / #9,243,394 / #10,145,098

- **Kills 99.9% of odor causing bacteria**
Exclusive Terminator Technology kills bacteria that cause odors
- **Keeps restrooms cleaner**
Patented 2-sided design eliminates urine splash back better than any other urinal screen
- **Freshens longer & stronger**
Packed with up to 5x more fragrance than other typical 30-day urinal screens

Product Code	Inner	Master
S7	5	30
